## How to Do Business With Us

Write your orders as follows, to insure promptness and to avoid mistakes. Use our order blanks, if possible, writing plainly your Name, Town or City, and Province. State if goods are to be forwarded by Express, Parcel Post or Freight. State just what you want, giving name, number, size and price, of each article.

Do not cut illustrations from this book; you may want to see them later and a reference to the page, name and number will do, as we have duplicates.

Send money by registered letter, post office or express orders.

Terms.—Our terms are cash, except by special arrangement on large outfits, and we ask sufficient cash with order, to insure acceptance of goods when shipped according to instructions below.

Express Shipments.—If you order goods to go by express C.O.D., send enough cash to cover charges coming and going, for we would have to pay them, if for any reason you were unable to accept goods. We suggest remittance for full amount of small orders, as it saves you paying charges for return of money to us. We will return balance in cash if for any reason we cannot ship the order complete. Express charges on chairs or furniture are very high and these goods should be ordered to go by freight unless in very urgent cases, when at least 50 per cent. of amount must accompany order. Shipments of 100 lbs. or over should never be shipped Express.

Parcel Post Shipments.—We send goods by mail if full price of goods and return postage is sent with order. Postage rate varies, depending on weight and distance. Your Postmaster will gladly give you parcel post rates. We cannot guarantee delivery of parcels sent by mail unless sufficient postage is sent to pay registration. Glassware and liquids cannot be sent by mail.

Mail Packages may be sent C.O.D.—By new postal regulations parcels may be delivered to you for the value of package. The postman will collect on delivery the amount of invoice with postage and insurance charges added. This will save the trouble and uncertainty of remitting money in an envelope by mail.

Freight Shipments.—Goods weighing 50 pounds or more should be sent by freight. We ship C.O.D. by freight if a deposit of at least 25 per cent. is sent with order, the balance being collected by your local bank, who will order railway company to deliver goods. In towns without banks full remittance should be made with order.

Safe Delivery. We do not guarantee safe delivery. We deliver goods to you F.O.B. cars at Toronto and make no charge for boxes or packing, and in case of loss or damage, we give every assistance in obtaining full value, but must have Freight Bill with breakage or shortage noted thereon by the local railroad agent.

Delivery.—We carry goods as shown in stock and ship promptly, but cannot guarantee immediate shipment of furniture, mugs or repairs.

Returned Goods or Repairs should be carefully packed and have the name and address of the sender marked plainly on the outside or on a tag or slip inside the package, to help us identify goods, also a letter should be sent us at same time giving full particulars. It is against the law to enclose a letter in a parcel.

Prices per dozen quoted in this catalogue apply only when quantities of not less than half a dozen are ordered.

Cancellations of orders are not accepted without our written consent.

This important addition to the unexcelled Koken Chair was designed:

- 1st. To perfect a completely harmonious model by enclosing exposed machinery within a cylinder of the same finish as the chair.
- 2nd. To prevent hair, sand and dirt from collecting on and in heretofore exposed mechanism.
- 3rd. To thereby add to the life and service of the chair.

Since it supplies extra appearance, extra life, extra service, it is from the buyers' standpoint, a money saving economy to purchase this newest unit in barber chair equipment.

While others are claiming quality, the Koken Chair has been proving its quality and demonstrating its superiority every day for the last 42 years, and this newest addition is but another reason why the trade, when speaking of the Koken Chair, proclaim it best.

It always has and always will represent the last word in standardized barber chair construction.

A larger number of Koken's guaranteed chairs are to-day giving dependable satisfactory service than any other make.

## *Williams Originated the 5-Cake-to-the-Pound Tonsorial Shaving Soap Package.*

### Williams Tonsorial Shaving Soap

(5-Cake one-pound package)

If you are not already using this soap get it.  
*Especially if you have to use hard water, Tonsorial will surprise you on four points:*

- 1 The great speed of its lather.
- 2 The heavy, rich, beard-softening quality of its lather.
- 3 The economical no-waste cake. No other like it.
- 4 The light, bright, charming new perfume. You never tire of it.

Say "Tonsorial" the next time you want shaving soap.

5-CAKE PACKAGE

### Williams Shaving Powder

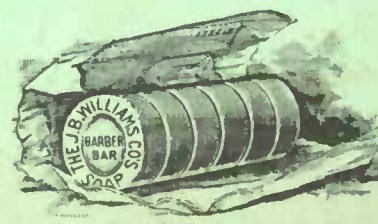

For those who find Shaving Powder the most convenient form of shaving soap, we recommend Williams.

The richness of its moisture-holding lather, its pleasing perfume, its convenient screw-cap, 2-pound, climate proof container, make clear why Williams is the choice of so many barbers.

### Williams Barbers' Bar

(6-Cake one pound package)

REG U. S. PAT. OFF

Barbers' Bar needs no introduction in any barber shop in the civilized world. Every barber knows it. Every barber has used it.

Barbers' Bar is a quality soap which yields a rich, creamy, never-drying lather.

Put up in convenient one-pound rolls of 6 cakes each.
